

Introducing the Climate Fresk.

Empowering teams, igniting change: a half-day sustainability workshop

1. The Card Game

Unfold the story of climate change, based on the latest IPCC report

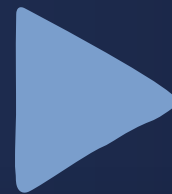

2. Creativity and discussion

Listen, share, and process together

3. Discover your next steps

Generate action ideas and discuss what's impactful

Our Mission: To deliver workshops and trainings that motivate your people and create momentum towards your sustainability goals.

Why should you run a Climate Fresk with us?

We push you to think **BIG** and be strategic.

We want you to understand how climate change will affect your industry, be aligned on strategic direction; and get energised to carry out your concrete next actions.

Outcomes

- + Upskilled and motivated workforce
- + Impact data for your sustainability reporting.
- + Employee alignment with your company's sustainability agenda
- + Cross-departmental collaboration

We help you foster the kind of teamwork you need to tackle large, complex problems.

Good for business and good for the planet.
